Carousing At The Carnival

Rochester Lions Club Hosts Fourth Annual Event

Under bright, sunny skies, the food and game booths, mechanical rides, and small barred fences were erected in the field adjacent to the Plumb Corner Mall and directly across from Town Hall in Rochester this past Tuesday afternoon in preparation for the town's fourth annual carnival. Presented by LMC Amusements and sponsored by the Rochester Lions Club, the annual event has become a mainstay for the rural community, and a highlight of the summer season.

The carnival opened for business on Wednesday evening, August 10, and will run nightly from 6:00 to 10:00 pm through Friday, August 12, with an afternoon session on Saturday, August 13 from 2:00 to 10:00 pm. The carnival is the Lions Club's major fund raiser for the year, and proceeds are to be used for local charities and to help fund the club's ongoing eye research assistance, including the Lions Club Eye Mobile.

"Last year we netted about $2400 from the event," said Lion Harry A. Brown. "What's good about it is that 75 percent of the proceeds remain for local assistance right here in Rochester, and about 25 percent goes to other charities."

Primarily geared toward children, the carnival will include a full midway replete with food, game, and souvenir vendors, and will also offer helicopter rides daily for children and adults.

"We've had a good response over the past few years," agreed Mr. Brown. "It's mostly a kid's carnival — those of grammar school age — but older kids and parents come to enjoy the food and games, too."

Admission to the carnival is free, and tickets for the rides will be sold on site ($1 each, 6 for $5). Parking is available in the Plumb Corner Mall lot.

In addition, the Lions Club will be holding their Third Annual Craft Fair to coincide with the carnival on Saturday, August 13 between 10:00 am and 4:00 pm at the Plumb Corner Mall. The fair will take place between 10:00 am and 4:00 pm, with setup at 9:00 am. The fee for outside space (8x6) is $10. No setups will be provided and the space is limited to crafters only — no commercial vendors allowed. For further information about the Craft Fair, please call 763-2421.

American Legion Hosts Vets at Ned's Point

For the third consecutive year, the Florence Eastman American Legion Post in Mattapoisett hosted several disabled veterans at an annual cookout on Ned's Point. This year, a record 50 vets were bussed to the scenic Mattapoisett landmark to enjoy hamburgers and hot dogs straight from the grill and the clear, sunny afternoon weather.

Transported mainly from the Brockton VA Hospital along with 10 staff members, the vets were thrilled to spend some time in the sun and eagerly

partook of the food which was generously supplied at a discount rate to the Legionnaires by Porky's Quality Meats. In addition, Chase Canopy graciously donated a tent which was set up alongside the Ned's Point pavilion, and Romeo's Package Store supplied sodas and ice.

"There were many people who worked to make this possible," said Tony Raposa, co-organizer of the event. "All of the salads and desserts were also donated by local residents and the wives of the Legionnaires."

Michael Lamoureux, the other organizer of the cookout, was busy grilling up the last of the hamburgers as he checked to do a quick head count of those present. "There's about 20 more people than we had last year," he said. "I'm very happy with the turnout."

American Legion member and Selectmen Chairman John N. DeCosta agreed that the annual event was a success. "I spent some time talking with the veterans, and they were telling me this was some of the best food they ever had," he said. "I'm glad they had the chance to spend some time outdoors in Mattapoisett."

Mattapoisett Selectmen's Meeting

August 9, 1994

A regular meeting of the Mattapoisett Board of Selectmen was call to order on Tuesday, August 9 at 7:04 pm by Chairman John N. DeCosta. Also present were Selectman Paul E. Lambalot and Executive Secretary Carol Adams. Selectman Daniel O. Mahoney was absent from the proceedings.

After approving the minutes of the August 2 meeting and signing warrant #6 and 6A for the week, the board considered the appointment of two new fire fighters — Scott L. Verville of North Street, and James J. Gracia of Melanie Lane — both upon the recommendation of Fire Chief Ronald Scott. With Selectman Mahoney absent, however, Selectman Lambalot asked that the appointments be tabled for one week so that the entire board could approve

"I'd rather we wait until (Selectman Mahoney) is here to make any appointments," Selectman Lambalot said.

The board then moved to grant an easement which would allow Com/Electric the right to install and maintain a pad mount transformer at the well site off Long Plain Road, which was passed via majority vote. Selectmen also signed and approved the warrant for a Primary Election to be held on Tuesday, September 20 via majority vote.

The board initially voted to appoint Barbara J. Sawyer of Tobey Lane as the town's Democratic Registrar of Voters upon a recommendation from the Democratic Town Committee, but Ms. Sawyer declined the appointment via telephone when she was contacted, saying it would involve too much of a time commitment. After asking several other candidates, the board finally received a commitment from Margaret DeMello of Acushnet Road, who accepted the position for a term to expire April 30, 1995. Ms. DeMello is filling a vacancy created by the resignation of Janice Estes.

Chairman DeCosta noted that a meeting of the AFSCME Union to consider ongoing negotiations will be held on Thursday, August 11 at 6:00 pm in Town Hall, to which he would be attending.

Brown of Romeo's Package Store and Attorney Ralph K. Mulford and Dan Mello was postponed one week pending further information.

Under incoming correspondence for the week, Chairman DeCosta cited a notice from the SRPEDD Joint Transportation and Planning Group, which is holding a meeting on Wednesday, August 17 at 2:00 pm in the SRPEDD office in Taunton.

The board also received a copy of the town's Landfill Inspection Report (#39) from the engineering firm of Tighe and Bond. The inspection was conducted on July 21, and the overall report was again positive.

Lastly, Scott William Cheffer, Curriculum Developer for Building Officials and Code Administrators (BOCA) International, Inc., sent a letter to the board commending Building Inspector Andrew J. Bobola for his help in developing a new seminar titled "The Wind and Flood-Resistant Construction." Ten of these seminars will be conducted by either a BOCA staff engineer or staff official during 1995.

"Mr. Bobola's willingness, expertise and experience have assisted our development team put together a fine product that will be of great benefit to the United States and BOCA's other international members," wrote Mr. Cheffer.

Adams noted that resident Howard Bates would like the board to know that he appreciates Highway Surveyor Wesley Bowman's recent efforts to remove a sharp metal protrusion at the town's Short Wharf which had been bothersome to passing vehicles. Ms. Adams also informed the board that a special Picnic and Appreciation Outing will be held on behalf of William Reed, who is retiring as Principal of Old Hammondtown School, on Saturday, September 10, from 4:00 to 7:00 pm at Shipyard Park. Mr. Reed is aware of the event, and more details will follow.

At 7:30 pm, the board met with Fire Chief Ronald Scott and William R. Wilcox, Jr., a Project Geologist for EnviroTel Environmental Management Group, Inc. Chief Scott and Mr. Wilcox came before the board to discuss the various underground fuel storage tanks in town and what needs to be done to bring them into compliance with the new regulations which take effect on September 30.

"Bill is here to address the tanks we have in town and offer some advice on how we can get them into compliance," Chief Scott said. "I did a quick

Mr. Wilcox noted that the tank which exceeds 11,000 gallons will need an overfill prevention device, and the other tanks will all require a spill containment apparatus in order to be in compliance with the new state standards.

The underground fuel tanks in town which will require some form of modification in order to be in compliance with the new regulations include:

Both Selectman Lambalot and Chairman DeCosta agreed to have Mr. Wilcox work with Chief Scott to offer some suggestions as to how these changes could be made and how much cost would be involved. "That's something we really need to kick around," said Selectman Lambalot. "I think (Chief Scott) should look into our options and recommend how we can proceed and what we should do in the future to keep up with the new

Chairman DeCosta agreed that although there were no major problems with leaks or deterioration in any of the tanks, it would be wise to test and maintain them on a regular basis. "I think we should start testing and monitoring the tanks in town on a weekly basis," he said. "It's best to make sure that they're in tip-top shape."

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:05 pm.

Animal Shelter Contract Renewed

The Town of Mattapoisett has renewed a contract with the Animal Rescue League of New Bedford to hold stray dogs and cats picked up by the city's Animal Control Officer. The contract ensures that pet owners will have the opportunity to claim their animal from the League, and that the lost animals will receive humane care at the MacArthur Drive shelter.

"We are pleased to offer this service to the people and animals of Mattapoisett," said Scott Van Valkenburg, Executive Director of the League. "The League will do everything possible to help the town's Animal Control Officer return lost pets to their owners. We also hope this is the first place Mattapoisett citizens will turn to when they want to adopt, since most strays are not claimed and make wonderful pets."

The League's shelter is located at 126 MacArthur Drive in New Bedford, and is open from 11:00 am to 4:00 pm, Monday through Saturday. The League holds stray dogs ten days and cats three days to allow owners the opportunity to claim their pet. The animals are then placed for adoption if physically and psychologically suitable, and if space allows.

"Millions of animals are killed each year in shelters because of citizens who don't spay and neuter

SHARE Program

The SHARE Program in Rochester is looking for people who would like to volunteer a few hours on the fourth Saturday of the month to go to Canton and help the Rochester Lions Club to bring the package to us to distribute. The COA will provide the transportation. Please call Joe McCarthy at 763-8723, or 763-3500 for more details.

SHARE is a non-profit, community development organization which offers nutritious food packages ($25-$35 value) to anyone for $13 plus two hours of volunteer work in the community. SHARE is not a government program and is funded solely through the price of the food package.

By pooling thousands of dollars across the nation, SHARE purchases food at wholesale prices and passes the savings on to participants. Volunteers distribute the food through a network of 410 Host Organizations throughout New England. People become involved with SHARE to save money and because they enjoy helping others. Volunteering in your community means big savings for you and your family.

Registrations taken on the August D-Day for the September package will be increased to $14. Some sites charge additional funds for transportation. No site is allowed to charge more than $15 beginning with the September package.

Friends Group

The Rochester COA Friends Group will be holding a Ham and Bean Supper on September 10 at the Fellowship Hall of the First Congregational Church in Rochester. Tickets are $6 for adults and $3 for children. Tickets may be purchased from Dot Tuttle or Isabel

SHOULD YOU ACCEPT FIRST OFFER?

Many people who sell a house encounter the "first offer" dilemma. It can involve a trying decision. Sellers often turn it down, hoping for something better, only to find it turned out to be the best offer they received.

This is where the advice of a real estate agent can be particularly helpful. The agent can tell you how realistic the offer is and whether the deposit that accompanies it represents good faith.

Since there is no way to know how many offers will be received or the order of value, the offer should be judged on the seller's and agent's knowledge of the house in question and the market. The depth of that knowledge will help protect the seller against the natural reluctance to accept the first offer and against regretting a decision that was not based on sound judgement. Remember, most good offers come early in the selling game. If it's a fair one why pass it up?

Marion Antiques Show and Sale

Antiques collectors possess a keen sense of "the timeless." They answer a call as old as time, that urge to possess objects of art which anecdote a specific time and place in history.

Turning back the clock, antiques collectors experience a romantic courtship with art and history. What better place to experience this courtship than at the Marion Antiques Show and Sale which will celebrate its third year this August 19 - 21 at the Stone Gymnasium of Tabor Academy, with a view of Sippican Harbor as a backdrop. For ticket information, call 748-1665. The show will open to the general public on Saturday, August 20 and 21, 11:00 am to 5:00 pm. Admission is $4.50 per person.

Over 2,000 people will come from throughout New England to attend this show and to visit or revisit Marion, a town perched on Buzzards Bay whose Golden Age of the 1870's and 1880's boasted residents and visitors such as President and Mrs. Grover Cleveland, Henry James, Richard Harding Davis, and his beautiful wife,

The Marion Antiques Show and Sale hosts some of the finest dealers, not only from New England, but from all over the United States. Among the exhibitors are Henry Callan, the famous appraiser from Sandwich, MA; Bruce and Anna Emond, who specialize in Continental furniture and jewelry from Plymouth; Charles and Barbara Adams, experts on Rockingham stoneware from Middleboro, MA; Acorn Antiques of Westerly, RI, dealers in prints; Lewis W.

to be left in the bins. But the percentage of materials rejected was a meager one percent. And the percentage of town households taking part in curbside recycling was a healthy 70 percent, according to Jo Gallant, ABC Disposal's Recycling Coordinator.

Given the number of households away on vacation and the number just starting the process of cleaning up and setting aside recyclables, the Recycling Committee anticipates a future participation of 85 percent of Mattapoisett households. As every ton of waste is recycled is $12 less paid to SEMASS for incineration, the greater the number of households participating, the greater the savings to the town of Mattapoisett.

For households still uncertain about the what and when of recycling, more copies of the fliers placed inside the blue bins can be had from the Board of Health at the Mattapoisett Town Hall. A copy can also be found in the center fold of the July 29 issue of *The Wanderer.*

For those who prefer their information in visual form, Continental Cablevision is airing a tape on Channel 8, illustrating the sorting and preparation process for recyclables. Showings already scheduled are on Thursday, August 11, and Tuesday, August 16 at 8:00 pm.

Gulf Vets Get Free Health Exams

The Veterans Administration is encouraging veterans of the Persian Gulf War who may be concerned about possible environmental exposures in the Gulf region to take advantage of VA's health monitoring program. While an aggressive research program continues to clarify the nature of any ill health patterns in such veterans, services are being offered today, including a comprehensive physical examination and lab tests. These are FREE to any concerned Gulf veterans by appointment in every VA medical center.

In addition, a new law requested by VA simplifies high-priority access to follow-up care for veterans with any condition that VA physicians think could stem from the Gulf environment. Already, 16,025 vets have taken part in the examination protocol.

VA's Medical Research Service recently provided supplemental funds for several VA medical centers to expand investigations in such areas as cognitive functioning and immunological status of Persian Gulf veterans. Elderly Warned Against Heat Stress

Heat stress is a serious condition that poses a health threat to many people, particularly the elderly. When we age, our bodies become less effective in dealing with prolonged exposure to the heat. Heat stress places a strain on the body, and if the strain becomes too great, it can cause serious and permanent damage, even death. Preventative measures should be taken in order to avoid heat stress.

Certain medical conditions and prescription drugs can make you more vulnerable to heat stress. Those who have high blood pressure, diabetes, a weak or damaged heart, infection sunburn, who are overweight, or who have had a previous stroke are at a greater risk of falling victim to heat stress. In addition, those who take medication for sleeplessness, high blood pressure, nervousness, depression, or poor circulation are also more susceptible to heat stress. If you fall into either of these categories, consult your doctor or pharmacist for advice.

Temperatures of 90 degrees Fahrenheit and above can cause heat stress, especially when the humidity is high. Some early warning signs of heat stress are: loss of appetite, lack of energy, fainting, and cramps. Some advanced and more serious symptoms include: chest pains, dry skin (no sweating), dizziness, rapid heartbeat, diarrhea, nausea, throbbing headache, vomiting, breathing problems, confusion, and weakness.

If you experience any of these symptoms during periods of hot weather, contact your physician or other medical assistance.

Remember, heat stress can be prevented by allowing your body time to adjust to the warmer temperatures (it takes most people four to seven days to become accustomed to warmer temperatures), spending time in cool surroundings, using fans and air conditioners, avoiding exertion, taking cool baths or showers, staying inside during the hottest time of the day, drinking a lot of water or juice, wearing lightweight clothing, using head protection (hat, umbrella), and avoiding the use of alcohol during very hot weather.

Globe Theater Presents "Harvey"

The Globe Theater Troupe, Inc. of Rochester will present "Harvey" in the delightful air conditioning of the new Wareham High School Auditorium. "Harvey" is the Pulitzer Prize-winning play written by Mary Chase. This perennial favorite will be performed on Friday and Saturday, August 12-13 and August 19-20 at 8:00 pm.

"Harvey" was first performed in New York City in the mid-forties and became an instant success. The story follows the adventures of Veta Louise Simmons and her daughter, Myrtle Mae, as they try to separate their uncle and brother, Elwood P. Down, from an unseemly — or, rather "unseenly" — friend, Harvey. Made into a motion picture starring James Stewart as Elwood, "Harvey" has attracted theater-goers of all ages for the past 50 years.

The Wareham High School Auditorium is completely handicapped-accessible and large print playbills will be provided. Wareham High School is located at the end of Viking Drive off Route 6 in Wareham, behind the Wareham Town Hall. "Harvey" is produced in part by funding from the Wareham Arts Lottery Council, the Massachusetts Cultural Council, and the National Foundation for the Arts. Tickets are $9 for regular admission, or $7 for seniors and students with valid ID. For further information about the Globe's group rates or to make reservations, please call 291-0865.

Project GROW Preschool Applications

Project GROW, the local public school early childhood program, is seeking students for the upcoming school year. Anticipated state grants, combined with local funds, support the operation of the program. Project GROW classrooms are located at the Center School in Mattapoisett, Memorial School in Rochester, and Sippican School in Marion.

All classes run for four hours a day, Monday through Thursday, and follow the public school calendar. The program is tuition free. Parents are responsible for providing transportation to and from school each day. Efforts are made to assist parents in forming carpools.

Enrollment is open to all children residing in Marion, Mattapoisett, or Rochester who were born between January 1, 1990 and September 1, 1991. Preference will be given to children from low-income families and others in need as determined by the Early Childhood Advisory Council. The purpose of Project GROW is to provide a preschool experience for their child as well as to provide other children with special needs the opportunity to receive service in the least restrictive environment.

Each class consists of up to fifteen students, the majority of whom are students without special needs. The program is staffed by a certified teacher and an aide. As a family-centered program, parents play an active, vital role in the educational experience through a wide variety of parent involvement opportunities. Home visits are also an integral part of Project GROW. The teacher visits each student's home regularly throughout the year.

A recent mailing, based on town census information, was sent to all families with age-eligible children. If you did not receive a mailing, have an age-eligible child, and are interested in this program, you may pick up an application at the Office of the Superintendent of Schools located at Old Rochester Regional High School, 135 Marion Road, Mattapoisett (telephone: 758-2772). Priority will be given to applications received by August 12, 1994.

Adoptable Animals

"Cat Evictions"

How does everyone cope with project managers who tell tenants after many years that their loving companions have to be evicted? Our feature adult cat this week is a victim of this kind of circumstance.

"Kitty" is a spayed, declawed female cat who has been living with its owner since five weeks of age and now has to be relocated due to project policies. There are many other adults who need new homes including three spayed females — two calicos and one short-haired gray tiger.

Also, "Little Mama" featured here last week is still available and very lonely because "Commie," our ship cat, was adopted to a caring home in Marion. Our large, orange long-haired neutered male is still waiting to be adopted. He just loves everyone and everything.

Kittens available this week include two gray (silver) tabby females, one mostly white calico, two long-haired siblings, one black and white socks kitten, one gray and white tiny male, and one dark calico with black and gold markings.

VA Benefits Extended to Civilian Groups

Secretary of Veterans Affairs Jesse Brown has announced that two civilian groups that provided critical support to U.S. military efforts during World War II have been granted veteran status and are potentially eligible for VA benefits. "We welcome the opportunity to extend to these new veterans the same benefits earned by their more than 27 million fellow American veterans as a result of dedicated and unselfish service," Mr. Brown said.

The Patsy Francis Gallery

The Patsy Francis Gallery at the Marion Art Center opened last week as a gallery devoted to local artists in and around southeastern New England. Thanks to a donation by artist Charles Parsons and help from Mrs. Francis' son, Tim, the gallery will be upgraded to accommodate art by members and non-members. Everything in the gallery is for sale and there is a bin for shrink-wrapped work.

The exhibit will change monthly and a committee will select pieces to be hung. Currently the following artists are represented in the Patsy Francis Gallery: Virginia Allyn, Mary Ann Patrick, Eloise Dewhurst, Patty White, Pamela Rainey, John Murphy, John Marshall Dyck, Charles Parsons, Mary Ross, Norma Sumner, and Mary Dawson. A painting that used to hang in the Patsy Francis Gallery called "Main Street, Marion," by local artist and MAC volunteer Eleanor Harris, is now installed in the Plymouth Savings Bank for all to enjoy.

College Athletic Scholarships

Over 100,000 collegiate athletic scholarships are available each year to male and female high school and junior college student athletes. Contrary to popular belief, students don't have to be All State to qualify. Much of this money goes unused. A new publication with forms, sample letters, and tables of factual information is available for student athletes. It takes them step by step through the process of getting an athletic scholarship and includes college and conference listings.

For information on how to get a collegiate athletic scholarship, send a self-addressed (business size), stamped envelope to the National Sports Foundation, 611A Willow Drive, P.O. Box 940, Oakhurst, NJ 07755.
